## October – Young Children's Classes

The theme we are using to explore the curriculum for our young children's classes (ages 7 and under) in October is Hallowe'en. Ask your children to tell you about the ideas, and show you the movements, they are learning in their classes.

In the Dance to Your Own Tunes and the Parent & Tot classes we are focusing on fundamental movements, including

- Stability movements (E.g. starting and stopping, balancing, turning, etc.);
- Travelling movements (E.g. walking, running, jumping, etc.).

These movements underlie *all* physical activities, including dance, and lay the foundation for physical literacy.
